

Sponsorship Packages

SPP-Italy 2019 is organised by the Cambridge University Italian Society (CUIT) in collaboration with the Association of Italian Scientists in the UK (AISUK). It will attract a variety of researchers, graduate and undergraduate students with a background in the physical sciences and social sciences from leading universities in the UK. Sponsors will have an opportunity to advertise their brand to this selected audience and to interact with talented undergraduate and graduate students who may be prospective applicants to work for their organisation.

We are offering two sponsorship packages:

1) **Supporter level: Coffee break (£600+)**

Logo placement on the programme booklet as well as all promotional material distributed through printed and digital media and via email before and during the conference. Banners and optional merchandise (your company's advertisement leaflets, pens, bags, etc.) shown during the coffee break.

2) **Partner Level: Coffee break and speakers travel (£2000+)**

All of the above plus a representative table in the Old Divinity School Central Hall (where coffee breaks and lunch take place) for the full duration of the conference, and a special arrangement for the coffee break you would sponsor.

Conference promotional material will be distributed on the Facebook page, emailed to departments and colleges in the University of Cambridge, and also distributed through the network of AISUK members in the whole United Kingdom. The support of Italian Societies at other leading UK universities will also be sought to advertise the event to their communities.

We look forward to hearing from you and thanks in advance for your support,

SPP-Italy 2019 Organising Committee
